Terms of Sale

Dymin Systems terms of sale are net 30 days from date of invoice. All invoices not paid in a timely manner may cause interruption of credit extension unless arrangements are made with the credit department. Invoices not paid within ninety (90) days will be charged to your credit card. Dymin Systems will automatically assess a 2% finance charge per month on all past due invoices. Applicant agrees to pay any collection costs incurred to collect the account balance, including reasonable attorney's fees.

Billing Rights

If you think your bill is wrong, or if you need additional information about a transaction on your bill, write, email or fax us on a separate sheet at the address listed on your bill. Write as soon as possible. We must hear from you no later than 15 days after we sent you the first bill on which the error problem appeared. You can telephone us, but doing so will not preserve your rights. In your letter, give us the following information:

- Your name, account name and account number
- The dollar amount of the suspected error and the invoice number
- Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are not sure about

Once your letter is received we must acknowledge the letter within 15 days unless we have corrected the error by then. Within 30 days we must either correct the error or explain why we believe the bill was correct. After we receive your letter, we cannot try to collect any amount you question, or report you as delinquent while we are investigating, but you are still obligated to pay the parts of your bill that are not in question.

Security Interest

Each creditor grants us a purchase money security interest under the Uniform Commercial Code in each item of merchandise purchased on the Account, to the extent permitted by law, to secure only the purchase price of the merchandise (including freight costs and sales tax) until that amount is paid in full. If you do not make payments as agreed, this security interest allows us to repossess, to the extent permitted by law, only the merchandise which has not been paid in full. If the merchandise is intended to be installed as a fixture, our security interest is effective before installation. We waive any right to a security interest or lien on your dwelling to secure this account that may arise by operation of law or that gives rise to a right of rescission under the Federal Truth in Lending act. However, we do not waive any lien created, obtained or granted in a collection proceeding or by judgement or other court order. You understand and agree that you are responsible for any loss or damage to the merchandise until the purchase price is fully paid.
